

Bin Day

(S Vancea, C McDonald - 2017)

(verse 1)

I put the bin out Friday morning
I wheel it outside
There, in the street
The things that I don't need
So take it all away

(chorus)

The world and all things revolve
Day and night, made and remade
The world and all things revolve
Day and night, made and remade

(verse 2)

I put the bin out Friday morning
I wheel it outside
People on the street
Like you and me
Don't take them all away

(chorus)

The world and all things revolve
Day and night, made and remade
The world and all things revolve
Day and night, made and remade

People everywhere, outside
People everywhere, outside
People everywhere, outside
