

## 'Canopy' - Piano SUSTAIN - [132 drum 10]

(S Vancea, C McDonald - 2021)

*(verse 1)*

A canopy of care over a layer of love  
A trace of trust in a media of myth  
A comedy of errors to hide the terror inside me  
A canopy of care over a layer of love

*(chorus)*

A calamity, for humanity  
Challenge the insanity, surface the reality  
In these good times

*(bridge)*

Do you recognise you, from the past  
Do your values, put us first or last  
A canopy of care over a layer of love

*(chorus)*

A calamity, for humanity  
Challenge the insanity, surface the reality  
In these good times

*(bridge)*

Do you recognise me, without a mask  
Do your values, put us first or last  
A canopy of care over a layer of love  
A trace of trust in a media of myth  
A comedy of errors to hide the terror inside me  
A canopy of care over a layer of love
